CHAPTER 84

AN ACT

RELATING TO HIGHER EDUCATION; ESTABLISHING A PILOT PROJECT TO DETERMINE THE EFFICACY OF HAVING LEGISLATIVE LOTTERY TUITION SCHOLARSHIP STUDENTS PERFORM COMMUNITY OUTREACH AND MENTOR PUBLIC SCHOOL STUDENTS AND OTHER COLLEGE STUDENTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 21-21N-1 NMSA 1978 (being Laws 2014, Chapter 80, Section 1) is amended to read:

"21-21N-1. SHORT TITLE.--Chapter 21, Article 21N NMSA 1978 may be cited as the "Legislative Lottery Tuition Scholarship Act"."

SECTION 2. A new section of the Legislative Lottery Tuition Scholarship Act is enacted to read:

"LOTTERY STUDENT COMMUNITY OUTREACH PILOT PROJECT--TUITION SCHOLARSHIP RECIPIENTS--ADDITIONAL REQUIREMENTS--MENTORING--TRAINING.--

A. The "lottery student community outreach pilot project" is created as a six-year study that encourages students who receive a tuition scholarship pursuant to the Legislative Lottery Tuition Scholarship Act at participating public post-secondary educational institutions to volunteer to provide community outreach, chiefly through mentoring public school students. Tuition scholarship students are not required to participate to maintain their tuition scholarship."
The purpose of the pilot project is to demonstrate that:

(1) both mentors and mentees receive similar benefits, including improved grades and on-time graduation and a renewed sense of confidence, purpose and community and civic engagement;

(2) this service improves the community in which the student volunteer works and the public school student lives;

(3) mentoring by young adults can help disadvantaged public school students narrow the achievement gap; improve cognitive, social and behavioral skills; and lead to higher test scores and success in school; and

(4) mentoring can also help the student volunteer improve the student volunteer's skills, test scores and success in college and inculcate civic and social engagement in community life.

E. The pilot project shall be administered by the department and shall be conducted with at least three public post-secondary educational institutions around the state, ideally with at least one from the research institutions, at least one from the comprehensive universities and at least one from the branch and independent community colleges and with at least five hundred tuition scholarship students. Preference for the pilot project shall be given to institutions in areas with high poverty rates and in public schools with eighty-five.
percent or more of the students eligible for free or reduced-
fee lunch and high English language learner populations. The
department may expand the pilot project during its term to
more participants.

C. The department shall certify a list of
nonprofit community- and education-oriented organizations that
maintain relationships with public schools with which student
volunteers may work. The organizations shall identify public
schools in their areas that are interested in having mentors
and shall develop a mentoring training program for student
volunteers. The organizations shall also identify community-
based outreach or specific community-based projects
appropriate for students in their first program semester or
students unable to mentor during the school year.

D. A participating community- and education-
oriented organization shall monitor and evaluate the work of
the student volunteers and the time spent mentoring or
participating in community-based projects as well as the
progress of the public school students being mentored.

E. The department shall determine application
requirements and procedures for public post-secondary
educational institutions, nonprofit community- and education-
oriented organizations and student volunteers to apply for the
pilot project, criteria to evaluate applications and
quantitative and qualitative measures of the pilot project's
efficacy.

F. In addition to other requirements and qualifications in the Legislative Lottery Tuition Scholarship Act, a tuition scholarship student who participates in the pilot project shall provide at least two hours per week of community outreach with public school students in the area of the public post-secondary educational institution the student attends. The community outreach shall consist of:

(1) partnering with community-based organizations and assisting with community-based projects;

(2) mentoring public school students; or

(3) mentoring first-year college students.

G. The following schedule of community outreach for student volunteers is:

(1) students in their first program semester shall partner with a community-based organization to assist it in community outreach or specific community-based projects;

(2) students in their sophomore and junior years shall mentor students in grades kindergarten through twelve; and

(3) students in their senior year shall mentor freshmen college students.

H. If a tuition scholarship student who wants to participate is unable to perform the community outreach service during the school year because of class load, work
requirements or other reasons, the student volunteer may
volunteer for an approved community outreach project that will
be available for the student to participate in during semester
breaks or the summer for a total of at least thirty-two hours.

I. Public schools that choose to participate in
the pilot project shall identify willing students who would
benefit from participation. The student’s teacher or school
principal shall work with the nonprofit organization and the
student volunteer to determine what activities and types of
engagement would benefit the mentee student.

J. The department shall establish reporting and
evaluation requirements for all participants in the pilot
project. The department shall provide interim and final
reports annually to the governor and the legislature.

K. The participating public post-secondary
educational institutions, nonprofit community- and education-
oriented organizations and public schools shall actively seek
public and private grants and donations for any costs of the
pilot project. Grants and donations shall be kept and
expended as other grants and donations of the institution,
organization or public school."

SECTION 3. APPLICABILITY.--The provisions of this act
apply to the fall 2016 and subsequent semesters of the lottery
student community outreach pilot project’s term.
Approved by me this 8th day of April, 2015.

SUSANA MARTINEZ, GOVERNOR
STATE OF NEW MEXICO
